

Setting Up Terminal

Set Terminal as the Default

1. Open `Settings` in Windows.
2. Search for `Terminal`.
3. Select `Choose a terminal host app for command-line tools`.
4. Select `Windows Terminal` from the dropdown.

Setting Powershell 7 as Default

1. Open `Settings (ctrl +,)` in Terminal.
2. Set the default profile as `PowerShell 7`.
 1. *Note* PowerShell 7 must be installed before launching Terminal for it to appear as an option.

Recommendations

- ◆ `Settings > Defaults > Appearance` Set font size to 16 (or higher).
- ◆ `Settings > Defaults > Appearance` Change to a Monospaced font.
